Figure 1 consists of four scatter plots arranged in a 2x2 grid. The top row represents the year 2000, and the bottom row represents the year 2010. The left column represents the United States, and the right column represents the United Kingdom. Each plot has 'Number of children' on the x-axis and 'Number of adults' on the y-axis. The plots show a positive correlation between the number of children and the number of adults in a household. The correlation is stronger in the United States than in the United Kingdom, and the correlation is stronger in 2000 than in 2010.
